### UPSC IAS Exam Pattern | Personality Test - Stage 3

The interview or personality round is also included as a part of the "Main Examination" and is worth 275 marks, which is added to the grand total. The candidate will be interviewed by a panel that will have before them the candidate's career and academic record. He/she will be quizzed by the panel on matters of general interest with the aim to assess suitability for a career in public service. Basically, the interview is an assessment of not only intellectual qualities, but also social traits and interest in current affairs. Some of the qualities that will be judged by the interview panel are:

- \* Mental alertness
- \* Critical powers of assimilation
- \* Clear and logical exposition
- \* Balance of judgement
- \* Variety and depth of interest
- \* Ability for social cohesion and leadership
- \* Intellectual and moral integrity

<sup>\*</sup> CSAT (Paper II) is only a qualifying paper and a minimum of 33% marks are required to be eligible for clearing the UPSC Preliminary Exam.

<sup>\*</sup> Since this is a qualifying exam, the marks obtained in this test are not counted for determining the final order of merit of a candidate if he qualifies for the main exam as well.

<sup>\*</sup> There will be negative marking (of one-third marks for that answer) for wrong answers marked by a candidate in the objective type question papers. Only a black ballpoint pen may be used for both writing and marking answers in the OMR sheet (answer sheet). Pens of any other colour, pencils or ink pens are prohibited. The medium of the question paper is both English and Hindi.
